### What Can Energy Share Funds Pay?

The organization focuses on helping with energy-related emergencies. **IF ALL OTHER SOURCES OF ASSISTANCE HAVE BEEN EXHAUSTED**, Energy Share may help individuals pay their energy bills. A one-time expenditure of up to \$400 per household can be made to provide assistance.

# W ho Qualifies?

Energy Share funds are to be used as a last resort for people in emergency need with no other obvious resources. FIRST PRIORITY GOES TO INDIVIDUALS AND FAMILIES WITH ANNUAL INCOMES AT OR ABOVE THE AMOUNTS REFLECTED IN THE CHART SHOWN ON THE BACK PANEL AND WHO ARE RESIDENTS OF WYOMING. The Salvation Army determines assistance based on need, lack of other resources and the amount of available Energy Share funds.

Households with annual incomes below the amounts listed in the chart on the back panel may be eligible to receive assistance under special circumstances as approved by The Salvation Army and/or the Energy Share Board of Directors.

The Salvation Army helps applicants find assistance from existing programs before using Energy Share funds. Applications should include documented attempts to find alternate sources, such as letters of denial and memoranda stating the need for additional assistance. Cooperation with existing programs, both governmental and charitable efforts, is also a prime goal of Energy Share.
