RE: Public Notice for Renewal, Black Thunder Mine, Permit No. PT233, TFN 7 4/005

Dear Sir:

The Wyoming Department of Environmental Quality, Land Quality Division (WDEQ/LQD) has determined that the renewal application of Black Thunder Mine, Permit No. PT233, is technically adequate, per W.S. § 35-11-406(h). Four weeks of public notice followed by four weeks of public comment were initiated on April 7, 2020. The public review and comment period will end approximately May 28, 2020. A copy of the public notice is attached.

This letter is being sent to you to fulfill the notification requirements of Chapter 12, Section 1 (a) (ii), LQD Coal Rules and Regulations. It is being provided for information purposes and is not a request for review.

Should you or your staff have any questions regarding this final public notice process, please contact the permit coordinator: Ms. Kim Medina at (307) 675-5620 or via email at kim.medina@wyo.gov.

Sincerely,

Kim J. Medina

Black Thunder Mine is approximately 12 miles southeast of Wright Wyoming and has a physical address of 4669 Hwy 450, Wright, WY 82732. This area can be found on the Reno Junction, Hilight, Open A Ranch, Piney Canyon NW, Reno Reservoir, Little Thunder Reservoir, Teckla SW, Teckla, Piney Canyon SW USGS quadrangle map. The original permit to mine was granted on December 1974 and is estimated to continue until 2034. Mining activity will occur within 100 feet of Hilight Road, Highway 450, Reno Road, School Creek Road and Small Road. The land, after coal mining, will be returned to primarily grazing/wildlife habitat with a small industrial site. Information regarding the proposed mining operations and reclamation procedures may be reviewed in the Office of the Land Quality Division of the Department of Environmental Quality in Cheyenne and Sheridan, Wyoming, the office of the Thunder Basin Coal Company, LLC at the Black Thunder Mine, or the Campbell County Clerk's Office in Gillette, Wyoming. Written objections to the proposed mining operation must be received by the Administrator of the Land Quality Division, Department of Environmental Quality, 200 West 17th Street, Suite 10, Cheyenne, WY 82002, before the close of business of May 28th, 2020. The Director may hold an informal conference if requested, hear the complaint and take action on the application is accordance with the Department's Rules of Practice and Procedure. The complainants shall have a right of appeal to the Environmental Quality Council where the complaint will be heard a second time. A conference shall be held if the Director determines that the nature of the complaint or the position of the complainants indicates that an attempt to informally resolve the disputes is preferable to a contested case proceeding. An informal conference or a public hearing shall be held within twenty (20) days after the final date for filing objections unless a different period is stipulated to by the parties. The Council or Director shall publish notice of the time, date and location of the hearing or conference in a newspaper of general circulation in the locality of the proposed operation once a week for two (2) consecutive weeks immediately prior to the hearing or conference. The hearing would be conducted as a contested case in accordance with the Wyoming Administrative Procedure Act (W.S.§16-3-101 through §16-3-115), and the right of judicial review would be afforded as provided in that act. All parties as given in W.S. §35-11-406(j) will be mailed a copy of this notice. The Wyoming Oil and Gas Commission will be mailed a copy of the application mine plan map as required by W.S. §35-11-406(j).

Offices closed for Memorial Day Observance

Post Date: 05/18/2020 12:00 PM

City of Gillette offices will be closed on Monday, May 25th in observance of Memorial Day. Offices will open for regular business on Tuesday, May 26th. This includes the Animal Shelter and Yard Waste/Compost facility.

Trash, curbside yard waste, and recycling that would normally be picked up on Monday will be picked up on Tuesday, May 26th along with Tuesday's regular route. Customers should have their roll-out(s) to the curb by 7:00 a.m.

Memorial Day is a federal holiday in the United States for remembering the people who died while serving in our country's armed forces. We hope that everyone has a safe holiday weekend and has the opportunity to honor those that gave all in service to our nation.

City Pool Opening Date Undetermined

State Public Health Orders Restrict Pools to One Person per Lane

Post Date: 05/21/2020 1:30 PM

Due to Wyoming State Public Health Orders, the opening date for the City Pool has yet to be determined. The current public health order restricts swimming pools to one swimmer per lane. This severely limits the number of patrons that would be allowed to access the pool facilities. The current public health orders remain in effect until May 31, 2020 unless the Wyoming Department of Health revokes or extends the order before May 31.

"Our goal is to open the pool as soon as possible if and when the State Public Health Orders allow," said Mayor Louise Carter-King. "We know how important the City Pool is to many families in our community which is why we have kept it fee free. And given that pools in Spearfish and Rapid City are not opening this summer, we feel fortunate that we even have the opportunity."

Staffing of lifeguards may also be a concern if the pool is able to open. Mayor Carter-King said, "We will continue to work with our partners at Campbell County Parks and Recreation to make sure we have adequate staffing to keep patrons safe."

Dear Wyoming Elected Officials,

The Department of Workforce Services (DWS) continues to host its Virtual Town Hall Series on a weekly basis. Our original format consists of a presentation for the first 30 to 45 minutes of the Town Hall, then we spend the remainder of the webinar answering questions from the attendees.

Last week and this week, we are taking a break from that presentation format. Instead, we slated these two Town Halls strictly for questions and answers. Last week's webinar was for claimants, and we had just shy of 400 people register for the Town Hall.

This week's Town Hall Q&A is for businesses and employers. Business owners and managers, human resources personnel, or others with questions about unemployment insurance and its impact on their business or their employees can register here for the

DWS enlists call center to assist with unemployment claims

5/18/2020 -- The Department of Workforce Services (DWS) is contracting with 30 additional call center agents in order to reduce the hold times and process the unprecedented number of Unemployment Insurance claims the agency has been receiving. See the release here >>

Town Hall. It will be broadcast live on Zoom at 10 a.m. tomorrow, Thursday, May 21.

We record all of our Town Halls, and we post those recordings, along with the presentations and the questions and answers, on our Town Halls web page.

DWS guards against fraud

We recently received a call from the United States Secret Service, notifying us of a well-organized Nigerian fraud ring exploiting the COVID-19 crisis to commit large-scale fraud against state unemployment insurance programs. So far, the primary state targeted is Washington, though there is evidence of attacks in North Carolina, Massachusetts, Rhode Island, Oklahoma, Florida, and here in Wyoming.

We are working with the Secret Service and the Federal Bureau of Investigation to prevent these con artists from stealing from our Unemployment Insurance fund or from the U.S. government.

The scam consists of false out-of-state unemployment claims, using personal information from first responders, government personnel and school employees. The Secret Service believes the fraud ring possesses a substantial PII database in order to submit the volume of applications observed so far.

We continue to be diligent in our examination of every unemployment claim to prevent fraud by large, organized operations such as this one, or even by individuals seeking an easy payday.

Phone center up and running

Last week, I informed you we would be opening a call center with 30 additional agents to help ease the wait times for unemployment claimants. That call center opened Monday morning, and grateful callers posted their thanks on our Facebook post informing claimants of the additional resource.

One person wrote, "Wonderful! Called this morning and it took about 15 seconds to get thru!!! Thanks for all the assistance!!"

Another said, "I had a wonderful man named John get it filed for me this morning with the call center. Thank you!"

5/1/2020 -- DWS is now accepting UI applications from those individuals who do not qualify for regular Unemployment Insurance benefits, but do qualify for the Pandemic Unemployment Assistance program.

The call center cannot answer all the questions claimants have, but the agents have been instructed how to answer many common questions. More complex issues, or those requiring access to the claimant's account, are still being transferred to the Unemployment Insurance representatives. Those representatives can answer the complex questions more quickly, though, because they are now not answering the simple ones.

Furthermore, the call center has engaged its artificial intelligence system, allowing callers to ask a question and automatically be routed either to the answer or to a representative who can answer the caller's specific question.

CHEYENNE – The sixth edition of "Wyoming and County Profiles" has been released by the State of Wyoming, Economic Analysis Division. The updated 2019 publication provides a multitude of frequently requested statistics that measure the demographic, social, economic, housing, and revenue conditions of all 23 counties and Wyoming. More than 30 topics are covered with today's release, such as population by age and race, employment and wages by industry, educational attainment, income and poverty, commuting, and land ownership.

"The County Profiles provide essential information about Wyoming and individual county people, housing, and economy in a single place," said Dr. Wenlin Liu, Chief Economist with the Economic Analysis Division. "Timely and accurate data are imperative for government, businesses, and communities to make the most informed decisions possible in areas such as strategic planning, economic development, and grant application."

The profile for Sweetwater County (with Wyoming in comparison) is attached with the release; all profiles are available online at:

Municipalities in Natrona County Gain Population in 2019

CHEYENNE –The U.S. Census Bureau has released the July 1, 2019 population estimates for incorporated places. These estimates for cities and towns provide a look at how the population has changed since the 2010 Census.

Four Natrona County municipalities were in the top seven rankings by largest percentage increases in population over the year for cities and towns with 2,000 or more population (Bar Nunn, Mills, Casper, and Evansville). Bar Nunn demonstrated the fastest annual growth rate in the State with 2.7%. Casper had the largest numerical increase in the State, 416 residents. This increase in Casper's population comes after several years of decline. Other cities and towns that are included in the top ten in annual population growth include Douglas, Afton, Glenrock, Cheyenne, Sheridan, and Jackson. The cities and towns that experienced the largest declines in population include Thermopolis (-3.4%), Wheatland (-1.8%), Green River (-1.3%), and Rock Springs (-1.2%). Rock Springs had the largest decrease over the year in the number of residents, -274. The decrease in conventional natural gas drilling in Southwest Wyoming is the main factor for the population declines in Sweetwater County's large municipalities.

Wyoming's population grew a moderate 0.2% from 2018 to 2019. This growth occurred after three consecutive years of population decline.

The 2020 Census is happening right now and residents can still complete their 2020 Census form by going online https://my2020census.gov/ The annual population estimates that are released in the future will be based on the 2020 Census Count. It is important that all Wyoming residents be counted.

To see how well areas in Wyoming are responding to the 2020 Census, the Census Bureau has an interactive Response Rate map that is updated daily, https://www.2020census.gov/en/response-rates.html

Note: The estimates are based on the 2010 Census and reflect changes to the April 1, 2010 population due to the Count Question Resolution program and geographic program revisions. All geographic boundaries for the 2019 population estimates are as of January 1, 2019. An "(X)" in the 2010 Census field indicates a locality that was formed or incorporated after the 2010 Census. Additional information on these localities can be found in the Geographic Boundary Change Notes (see https://www.census.gov/programs-surveys/geography/technical-documentation/boundary-change-notes.html). For population estimates methodology statements, see http://www.census.gov/programs-surveys/popest/technical-documentation/methodology.html.
