Please mail the survey and comments using the enclosed self addressed envelope.
If you have any comments or questions please call Gary Fuller at (303) 764-1524
Please send survey to the following address if envelope is lost: 303 E. 17th Ave, Ste. 700, Denver, CO 80203

Ideas for Comment Include:

- Would you prefer large district take over operation of your system?
- Are you interested in raw water purchase (the system still operates as an individual system with supply being provided by the regional system in lieu of wells)?
- Do you have any water quality concerns?
- What would be the preferred management structure of a regional system?
- What are the issues that you can identify that would limit participation a regional system?

SURVEY FOR WWDC GILLETTE REGIONAL MASTER PLAN
INCLUDES PORTIONS OF CAMPBELL AND CROOK COUNTIES

NAME OF WATER SYSTEM: Country Side ~~F&S District~~ Water users

CONTACT INFORMATION

Address: P.O. Box 1166

City: Gillette | State: Wy | ZIP Code: 82717

Name of Operator and Engineer (if applicable): Dave Knott | Phone Number: 299 9911

GENERAL WATER SYSTEM INFORMATION

Number of Water Taps or Connections: 160 | Number of Future Taps Planned:

Storage Tanks: 3 | Volume of Each Tank: 22x16, 10x30, 10x20

Water Production Wells: 2 | Production Rate in GPM of Each Well:

Does the system have individual water meters: **YES** or **NO** (Please circle one) | Disinfection method: **Chlorine Gas, Sodium Hypochlorite, Other** (Please circle one, if other please describe)

System Governmental Structure: **Improvement & Service District, Water & Sewer District, Homeowners Association, Other** (Please circle one, if other please describe) | System Reliability: **Good, Fair, Poor** (Please circle one)
System Age (years):
Comments (including recent improvements or repairs)

USAGE INFORMATION

Annual Volume Water Usage (gallons): 11,781,000 | Peak Day Summer Usage (gallons): 76,419 | Peak Day Winter Usage (gallons): 17,000

Does the system provide fire protection: **YES** or **NO** (Please circle one)

Fire Flow Protection Provided, if known (gpm):

Are there any other users beside residential? If so, who and how many?

Approximate Peak Day Summer Usage of Non-Residential Users (gpm):

Does the system have standby power? **YES** or **NO** (Please circle one)
If so, what type and where are they located?

What pressure does the system operate at (psi)?

What would be the optimum pressure (psi)?

SYSTEM OPERATION AND WATER QUALITY INFORMATION

What is the largest issue the system faces? **Billing, Managerial, Operations, Reliability, Supply, Other:** (Please circle one and describe)

Do you have any water quality issues, concerns, comments, on-going water quality-focused projects or studies?

Please mail the survey and comments using the enclosed self addressed envelope.
If you have any comments or questions please call Gary Fuller at (303) 764-1524
Please send survey to the following address if envelope is lost: 303 E. 17th Ave, Ste. 700, Denver, CO 80203

SURVEY FOR WWDC GILLETTE REGIONAL MASTER PLAN INCLUDES PORTIONS OF CAMPBELL AND CROOK COUNTIES

SYSTEM OPERATION AND WATER QUALITY INFORMATION CONT.

Have you conducted any water system studies in the past few years? If so, is a copy of the report available?

no

Do you have copies of water quality data that can be reviewed? **YES** or **NO** (Please circle one, and list available data below)	Contact Information for viewing water quality data: Name: Duaine Faucett Address: Phone No.: 299-9911
Current Rates or Assessments (monthly):	Does assessment include road or other costs? **YES** or **NO** (Please circle one, if yes please describe)

**REGIONAL SYSTEM COMMENTS (CONTINUE ON BACK IF NECESSARY)

**The Wyoming Water Development Commission in conjunction with the City of Gillette and Campbell County has commissioned a study to develop a Regional Master Plan for the Gillette, Campbell County, and Crook County Regions. Your system has been identified as a potential regional partner. Please provide comments on your willingness to participate in a Regional District. Your participation and timely completion of this survey is appreciated.

Ideas for Comment Include:

- Would you prefer large district take over operation of your system?
- Are you interested in raw water purchase (the system still operates as an individual system with supply being provided by the regional system in lieu of wells)?
- Do you have any water quality concerns?
- What would be the preferred management structure of a regional system?
- What are the issues that you can identify that would limit participation a regional system?

- Do you have any water quality concerns?
- What would be the preferred management structure of a regional system?
- What are the issues that you can identify that would limit participation a regional system?

Name of Person Completing Survey:	Phone Number:	Email Address:	Date:

Please mail the survey and comments using the enclosed self addressed envelope.
If you have any comments or questions please call Gary Fuller at (303) 764-1524
Please send survey to the following address if envelope is lost: 303 E. 17th Ave, Ste. 700, Denver, CO 80203

SURVEY FOR WWDC GILLETTE REGIONAL WATER SYSTEM MASTER PLAN
INCLUDES PORTIONS OF CAMPBELL AND CROOK COUNTIES

NAME OF WATER SYSTEM: Heritage Village Water & Sewer District

CONTACT INFORMATION

Address: PO Box 3123

City: Gillette | State: Wyoming | ZIP Code: 82717

Name of Operator and Engineer (if applicable): Jerry Hunt

Phone Number: 307-689-2087

GENERAL WATER SYSTEM INFORMATION

Number of Water Taps or Connections: 232

Number of Future Taps Planned: -0-

Storage Tanks: 1 (One)

Volume of Each Tank: 200,000 gallons

Water Production Wells: 3 Union Wells

Production Rate in GPM of Each Well:
#1 - 125 gpm
#2 - 80 gpm
#3 - 165 gpm

Does the system have individual water meters: **YES** or **NO** (Please circle one)

Disinfection method: **Chlorine Gas, Sodium Hypochlorite, Other** (Please circle one, if other please describe)

System Governmental Structure: **Improvement & Service District, Water & Sewer District, Homeowners Association, Other** (Please circle one, if other please describe)

System Reliability: **Good, Fair, Poor** (Please circle one)
System Age (years): 35
Comments (including recent improvements or repairs)

USAGE INFORMATION

Annual Volume Water Usage (gallons): 31,487,500

Peak Day Summer Usage (gallons): 292,000

Peak Day Winter Usage (gallons): 91,100

Does the system provide fire protection **YES** or **NO** (Please circle one)

Fire Flow Protection Provided, if known (gpm): ~ 1,000 gpm

Are there any other users beside residential? If so, who and how many? No

Approximate Peak Day Summer Usage of Non-Residential Users (gpm):

Does the system have standby power? **YES** or **NO** (Please circle one)
If so, what type and where are they located?

What pressure does the system operate at (psi)? 48-88 psc
What would be the optimum pressure (psi)?

SYSTEM OPERATION AND WATER QUALITY INFORMATION

What is the largest issue the system faces? **Billing, Managerial, Operations, Reliability, Supply, Other:** (Please circle one and describe)

Not applicable

Please mail the survey and comments using the enclosed self addressed envelope.
If you have any comments or questions please call Gary Fuller at (303) 764-1524
Please send survey to the following address if envelope is lost: 303 E. 17th Ave, Ste. 700, Denver, CO 80203

SURVEY FOR WWDC GILLETTE REGIONAL WATER SYSTEM MASTER PLAN
INCLUDES PORTIONS OF CAMPBELL AND CROOK COUNTIES

Do you have any water quality issues, concerns, comments, on-going water quality-focused projects or studies?

No

SYSTEM OPERATION AND WATER QUALITY INFORMATION CONT.

Have you conducted any water system studies in the past few years? If so, is a copy of the report available?

No, system is fully built out

Do you have copies of water quality data that can be reviewed? **YES** or **NO** (Please circle one, and list available data below)	Contact Information for viewing water quality data: Name: Jerry Hunt Address: PO Box 260 Upton, WY 82730 Phone No.: 307-689-2087
Current Rates or Assessments (monthly): $35.00	Does assessment include road or other costs? **YES** or **NO** (Please circle one, if yes please describe)

****REGIONAL SYSTEM COMMENTS (CONTINUE ON BACK IF NECESSARY)**

**The Wyoming Water Development Commission in conjunction with the City of Gillette and Campbell County has commissioned a study to develop a Regional Master Plan for the Gillette, Campbell County, and Crook County Regions. Your system has been identified as a potential regional partner. Please provide comments on your willingness to participate in a Regional District. Your participation and timely completion of this survey is appreciated.

Please mail the survey and comments using the enclosed self addressed envelope.
If you have any comments or questions please call Gary Fuller at (303) 764-1524
Please send survey to the following address if envelope is lost: 303 E. 17th Ave, Ste. 700, Denver, CO 80203

SURVEY FOR WWDC GILLETTE REGIONAL WATER SYSTEM MASTER PLAN
INCLUDES PORTIONS OF CAMPBELL AND CROOK COUNTIES

Ideas for Comment Include:

- Would you prefer large district take over operation of your system?
- Are you interested in raw water purchase (the system still operates as an individual system with supply being provided by the regional system in lieu of wells)?
- Do you have any water quality concerns?
- What would be the preferred management structure of a regional system?
- What are the issues that you can identify that would limit participation a regional system?
