 Phone (307) 686-5320
 www.gillettewy.gov

TO: J. Carter Napier, City Administrator
FROM: Sawley Wilde, Public Works Director
DATE: July 27, 2016
RE: National High School Finals Rodeo Public Works Cost

Carter,

As you are aware, we received a request from the Campbell County Land Board to provide solid waste collection services to the CAM-PLEX during the National High School Finals Rodeo, which took place in Gillette, July 17th through the 23rd. The request was that the City provide any additional solid waste services free of charge to the CAM-PLEX. The Land Board has also requested a tipping fee waiver from the County for this same event. In addition, the CAM-PLEX asked for sweeping and water truck assistance from our Streets Division.

Below is a breakdown of the cost of services that were provided by Public Works.

Streets Division

Labor Hours	Labor Cost w/Benefits	Equipment Cost	Total
59.5	\$1,707.53	\$826.50	\$2,534.03

Solid Waste Division

Labor Hours	OT Hours	Labor Cost w/Benefits	Equipment Cost	Total
64.5	29.5	\$3,263.14	\$3,526.51	\$6,789.65

Below is a breakdown of the cost of solid waste collection for the 2016 rodeo.

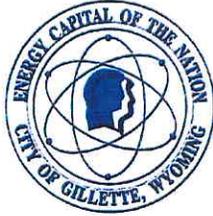

Tons Collected	Tipping Fees	# of 3 Yarders Dumped	Additional Containers Dumped	Cost for Additional Containers
54.57	\$4,092.75	974	944	\$15,812

Total City of Gillette Cost of Solid Waste Service provided (including tipping fees):
\$10,822.29.

Campbell County Public Land Board Cost for Additional Containers Dumped (974 total containers, minus the 30 that they currently pay \$1,910 a month for = 944 @ \$16.75 each):
\$15,812.00

I will be discussing all of this information with the Council on August 9th. Please let me know if you would like additional information prior to that date.

FROM: Sawley Wilde, Public Works Director *SW*
DATE: September 2, 2016
RE: City Pool Usage

Carter,

Below is a breakdown by month, and year to year comparison of the City Pool usage for 2016 summer season.

2016

Month	Total Patrons	Notes
June	17,658	Most patrons ever in a month since the County has taken over.
July	13,566	
August	5,421	
Total	36,645	Pool was closed 4 days the entire season.

Comparison vs. 2015

	2015	2016	Notes
June	14,335	17,658	2016 - Busiest Day: 1,031 Patrons; closed 4 full days
July	11,693	13,566	2015: Busiest Day – 1,123 Patrons; closed 4 full days
August	6,250	5,421	
Total	32,278	36,645	

Please let me know if you would like any further information.

MEMORANDUM

Date: September 2, 2016

To: Carter Napier, City Administrator *JEN*

From: Geno Palazzari, Communications Manager

Re: Recycling Publicity

At the Council Work Session of August 30th, 2016, Councilman Jerred requested a “one sheet” describing the CARE program, similar to the full page graphic that was published in the News Record on Sunday, August 29th. I spoke with Ivy McGowan-Castleberry, Information Specialist with Campbell County Government, and they are in the process of developing such a one sheet. When completed, they will share it with the City to distribute, including the possibility of placing copies in City of Gillette utility bills.

Other opportunities we have taken to inform citizens of the upcoming change in recycling include:

- Letter directly to registered recycling customers.
- Updated information on City website
- Utility bill inserts
- Multiple social media posts (Facebook and Twitter)
- Phone on-hold message
- Radio interview on KIML morning show
- City Highlights ad in News Record
- Multiple articles/stories in local media sources including News Record, Basin Radio and County 17

We will continue to educate our citizens on recycling in Campbell County using these outlets and any others that may arise.

News

City Animal Shelter Changes Operating Hours

New Hours Effective Monday, August 8th, 2016

Post Date: 08/05/2016 1:30 PM

Beginning Monday, August 8th, the City of Gillette Animal Shelter's operating hours will be changing. The new hours will be:

MONDAY - FRIDAY
1:00 P.M. - 5:30 P.M.

SATURDAY
11:00 A.M. - 3:00 P.M.

CLOSED SUNDAYS AND HOLIDAYS

FOR LOST PETS, ADOPTIONS, TRAPS:
Call City/County Animal Shelter: (307) 686-5249

FOR ANIMAL COMPLAINTS AFTER HOURS:
Inside City Limits: Gillette Police (307) 682-5155
Outside City Limits: County Sheriff (307) 682-7271

The Animal Control Division provides enforcement of the City's ordinances on animal control. They work to balance health, safety, and welfare needs of people and animals. The Animal Shelter is a City owned and operated facility. It provides housing and other shelter services for Gillette and Campbell County.

For more information, contact Communications Manager Geno Palazzari at (307) 686-5393.

Board Members	Staff
Present: Shilo Lundvall, Mary Silvernell, Marilyn Mackey, Don Hamm, Duane Evenson, Betty Hough, Skyler Pownall	Present: Paul Foster, Kendra Anderson, ReNae Keuck, Greg Rook
Legal Counsel	Guests
Present: Frank Stevens	Present: Rusty Bell <i>County Liaison</i> , Steve Mueller and Zoe Sherman <i>representing Wyodak</i>

ITEM	DISCUSSION	ACTIONS TAKEN	ACTIONS TO BE TAKEN
1.	Call to Order/Attendance The meeting was called to order at 6:30 PM MDT on August 11, 2016, by Chair Shilo Lundvall.		
2.	Approval of Agenda The August 11, 2016 agenda was reviewed and revised. Agenda item #7A was added, requesting a vote asking the City of Gillette to assist with the early retirement provided to county employees. Executive Session was added to the end of the agenda.	Mr. Hamm made a motion to approve the revised August 11, 2016 agenda. Mrs. Mackey seconded the motion and it passed unanimously.	
3.	Approval of Minutes The July 7, 2016 CCPLB meeting minutes were reviewed.	Mrs. Mackey made a motion to approve the July 7, 2016 meeting minutes as presented. Mrs. Hough seconded the motion and it passed unanimously.	
4.	Consent Agenda A. Approval of Warrants: The Warrants for the August 11, 2016 meeting were reviewed. - July 2016 Accounts Payable Voucher Numbers 45430-45518 (General Fund/Special Events) in the amount of \$317,328.65. - July 2016 Manual Purchase Order Numbers 9357-9385 in the amount of \$252,895.75. - July 2016 Payroll Warrants in the amount of \$246,081.14 for the period of 6/19/2016-7/16/2016.	Mrs. Mackey made a motion to approve the August 11, 2016 warrants as presented. Mr. Pownall seconded the motion and it passed unanimously.	
5.	Citizen Input Mrs. Mackey gave kudos to CAM-PLEX staff who assisted with the Cattle Women's Pioneer Dinner during the fair. The staff is always there to help with anything.		

	ITEM	DISCUSSION	ACTIONS TAKEN	ACTIONS TO BE TAKEN
6.	Monitoring General Manager Performance	<p>A. The Board discussed the General Manager's Management Parameters Monitoring Reports:</p> <ul style="list-style-type: none"> • Policy 3.3 Financial Condition & Activities (Annual Report): <ul style="list-style-type: none"> ◦ Mrs. Mackey expressed concern regarding unbudgeted expenditures and what that means. Mr. Foster explained it is for expenses that are not anticipated. Mrs. Mackey would rather call them unanticipated rather than unbudgeted. 	<p>A. Mrs. Mackey made a motion to approve the General Manager's monitoring report, as amended, on Policy 3.3 Financial Condition & Activities (Annual Report), conveys (a) interpretations of the policy that are reasonable, and (b) that the data reasonably substantiates compliance with the Management Parameters policy provisions, consistent with the General Manager's interpretations. Mrs. Silvernell seconded the motion and it passed unanimously.</p>	<p>A. Mr. Foster will make the change unbudgeted to unanticipated.</p>
7A.	Board Process	<p>7A. The Board discussed pursuing the employee retirement package with the City of Gillette.</p> <ul style="list-style-type: none"> • The County said they will participate if the City agrees to participate. Commissioner Bell reiterated the County cannot offer this to the Joint Powers Boards if the City does not agree. • Mrs. Mackey clarified if the City says no, the topic is off the table. 	<p>7A. Mrs. Mackey made a motion to approve pursuing the County retirement package with the City. Mr. Hamm seconded the motion and it passed unanimously.</p>	<p>Mr. Lundvall will purse the issue with the City as soon as possible.</p>
7.		<p>A. The Board discussed the Wyodak runoff control impoundment letter.</p> <ul style="list-style-type: none"> • Zoe with Wyodak distributed a copy of an email and letter from CDG Engineers (Attachments A1 and A2). • Mr. Stevens distributed information regarding the Wyodak agreement (Attachment A3). • Mr. Foster and Mr. Rook mentioned concerns regarding the sediment in the retention pond. • Mr. Stevens said there is little liability in keeping a retention pond. The potential to neighbor's land is minimal. The issue is race track use. We created the track. The pond does serve a purpose and we wouldn't want to get rid of it. It actually protects us. • Paul displayed some images of the pond and fencing. • Mr. Mueller indicated our property is 300 feet to the east. 	<p>A. Mr. Hamm made a motion to accept the Wyodak runoff control impoundment, contingent upon a letter of agreement establishing the sediment removal and keeping the fence around the impoundment. Mrs. Silvernell seconded the motion and it passed unanimously.</p>	<p>Mr. Stevens and Mr. Mueller will create an agreement regarding the sediment issue and the fence.</p> <p>Mr. Foster will redo a legal description for the race track for their contract and include possible requirements for sediment control.</p>

	ITEM	DISCUSSION	ACTIONS TAKEN	ACTIONS TO BE TAKEN
		<ul style="list-style-type: none"> • Wyodak did a survey this morning and 1,600 cubic yards would need to be excavated. The original design is based on 400 cubic yards per year. In a seven-year period, there is 1,600 cubic yards. Today the rate would be less because some areas have vegetated. Wyodak has spoken to the BLM about excavating. Wyodak is willing to commit to pay that cost and the material will go to the Wyodak bin. That wasn't permitted but Wyodak will bear the cost to have it done. This will allow three years of sediment accumulation. Drainage area will also have to be broken up. Mr. Foster is unaware of any sediment control off the race track. Mr. Mueller checked and if it is not an industrial facility, you would not be required to have any. Mrs. Mackey has concerns of this being an ongoing issue. There have been discussions on future possibilities. Mr. Stevens said the pond is not a nuisance and to keep signs on the fencing. Kids crawling through the fence is a minor liability, it is not an inviting area anyway. Liability always exists but it also weighs on the individuals. • There was discussion on the fence. The boundary fence will be relocated to the Land Board property. Mr. Mueller's intent is to move the property line fence and leave the fence around the impoundment area. • More questions were asked about the sediment. Mr. Mueller doesn't have exact numbers but stated the pond will get more years than three. He also said there may be resistance to do the three year clean out and future clean outs. The pond has taken seven years to get to 1,600 cubic feet, the design was for 1,200 cubic feet. • Mr. Evenson stated the bond release is scheduled for 2018 and will be released assuming everything is okay. Mr. Mueller stated if CAM-PLEX accepts the impound, the impound will then be classified as a post mine land use. It will take several months for Wyodak to get any money back and will be minimal. They will probably wait until the next cycle. Mrs. Mackey would like a formal agreement addressing the sediment issue and fence issue if the Land Board agrees to accept the impoundment. 		

	ITEM	DISCUSSION	ACTIONS TAKEN	ACTIONS TO BE TAKEN
		<ul style="list-style-type: none"> • Mr. Hamm mentioned all contracts should include noxious weeds and the responsibility to control them. • Mrs. Mackey clarified we are not looking at additional acres until the future. <p>B. Follow up items from previous meeting:</p> <ul style="list-style-type: none"> i. Wyoming Center Trust Fund Use <ul style="list-style-type: none"> ○ Mr. Foster distributed Resolution 1506 for review (Attachment A4). Mrs. Keuck stated there is a little over three million in the reserve account. Mr. Stevens indicated the intent of the reserve was not to have it appropriated but to be set up as discretionary. ii. Wyoming Center Lighting Project Overview <ul style="list-style-type: none"> ○ Mr. Foster explained the lighting in the Wyoming Center and recommended the project go out for bid. iii. HVAC Project Update <ul style="list-style-type: none"> ○ Mr. Foster stated this project is on hold. Discovered we only had until July 27th for the County to approve. ○ City can fund the project and is currently working with County on a solution. Seeking a plan for \$10,000 if County cannot obtain a solution. It is \$10,000 per entity. City amended their budget. County is working on the other \$10,000. ○ Commissioner Bell stated the \$10,000 was approved to be taken out of contingency at their meeting this morning. Mr. Foster will ensure things are done in the current fiscal year. <p>C. There were no contracting/purchasing decisions made at this meeting.</p>	<p>B ii. Mrs. Mackey made a motion to replace the lights and utilize the excess tax reserve fund and putting it out for bid. Mr. Pownall seconded the motion and it passed unanimously.</p>	

	ITEM	DISCUSSION	ACTIONS TAKEN	ACTIONS TO BE TAKEN
8.	Operations Report/Update	<p>A. General Manager Paul Foster discussed the following items:</p> <ul style="list-style-type: none"> i. Rental Guide <ul style="list-style-type: none"> o There have been a few wording changes, but it has been recommended not to raise the rates this year. Adjustments in rental structure will be looked at more this coming year. ii. NHSFR Proposal Update & Report <ul style="list-style-type: none"> o Mr. Foster gave an update on the NHSFR and the proposal. He thanked the Board members for volunteering. The NHSRA has asked for a five and a two-year proposal and also suggested submitting a two-year proposal for the National Junior High School Finals Rodeo. When the proposals are complete, Mr. Foster will present the proposals to the Board. The association would like the information to be confidential. Having a community advocacy committee was discussed. The NHSRA will be here on December 21st for an update meeting. iii. Solid Waste MOU <ul style="list-style-type: none"> o Board members reviewed the City of Gillette Memorandum of Understanding for waste disposal (Attachment A5). This has always been a phone conversation but will be an MOU going forward with an option to review every three years. City will sign then we will have an original copy. It was effective the 9th of August. iv. Updated Budget <ul style="list-style-type: none"> o Updated budget information was provided to Board members. 		Mr. Foster will electronically send the Rental Guide to board members.
9.	Matters for Noting	<p>A. Major Correspondence:</p> <ul style="list-style-type: none"> i. A thank you letter was sent regarding the 2016 Wyoming Reads event. <p>B. Board Calendar:</p> <ul style="list-style-type: none"> i. The September CCPLB Meeting will be at 6:30 p.m. on September 8, 2016 with the pre-meeting workshop at 6:00 p.m. The next monthly CCPLB meeting is on October 13th. <p>C. Summary of Follow-Up Items: D. Actions to be taken are noted in minutes.</p>	The CCPLB planning meeting was changed to Wednesday, September 28 th .	Mr. Foster will send out a meeting invite.

	ITEM	DISCUSSION	ACTIONS TAKEN	ACTIONS TO BE TAKEN
10.	Board Meeting Evaluation	Mrs. Mackey requested to receive material needing to be discussed, be sent out sooner in order to review it before the meeting.		
11.	Executive Session	A. Personnel Issue	Mrs. Mackey made a motion to move into executive session to discuss personnel. Mr. Hamm seconded the motion and it passed unanimously.	
12.	Adjournment	Meeting was adjourned at 9:22 PM MDT		

Respectfully submitted,

Don Hamm, Secretary

Simonton Says...

BY SHELLEY SIMONTON, WAM EXECUTIVE DIRECTOR

It's been two months since the WAM Convention in Cody and it feels like it's been 10 minutes. The summer days are longer, and yet somehow, go faster than the other days of the year. I hope you have made the most out of this summer!

WAM's Strategic Plan tells us that our three focus areas are: Legislative/Advocacy, Education/Training, and Outreach/Communications. While we have been working over the summer on each area, I will address our efforts towards Legislative/Advocacy in the past couple of months.

In June, we formed an ad hoc committee titled the Municipal Finance Task Force (Task Force). Our intent with forming this critical working group was to be proactive with the Legislature relative to funding issues facing municipalities.

Members of the Task Force included: Myself, Rick Kaysen (Legislative Leadership Committee Chair), and Scott Badley (WAM Legislative Manager) as sub-committee facilitators. Three sub-committees included Andi Summerville (Region 1 – Laramie Council Member), Jim Harmon (Region 2 - Sheridan Treasurer), Barry Cook (Region 4 - Cody City Manager), V.H. McDonald (Region 5 - Casper City Manager), Bob McLaurin (Region 5 – Jackson City Manager), Reed Clevenger (Region 6 – Green River City Administrator), Charri Lara (WAMCAT Representative – Lander Treasurer), Janine Jordan (Laramie City Manager), Lois Huff (Cheyenne Treasurer), and Kelley Millar (Upton Deputy Clerk). These volunteers have done an incredible amount of work this summer on behalf of all WAM members. If you see them, please extend a warm appreciation for their dedication to Wyoming cities and towns.

The committee had a short time to work and some very lofty goals:

1. Review current municipal funding formula from the 2016 legislative session, and offer recommendations

2. Review all sources of revenue available to municipalities in the state including
 - fees (such as building & development permit fees), including research on liquor licenses,
 - taxes (such as the optional sales taxes), and
 - other sources of revenue (state, federal)
3. Learn from other states their funding mechanisms for municipalities
4. Discuss and explore alternatives and opportunities for municipal revenue generation
5. Review mandated programs and project costs
6. Discuss and review cost efficiency opportunities
7. Produce a final report
8. Distribute final report to WAM Board of Directors, all WAM Regions, WCCA, the Joint Revenue Committee in September, the Joint Appropriations Committee in October, and newly elected officials in cities and towns, as well as all legislators after the general election.

The Joint Revenue Committee will meet in Buffalo September 22 and 23, and the Joint Appropriations Committee meeting

SIMONTON SAYS CONTINUED...

in Casper, October 24. We will distribute the report to Revenue Committee members prior to their meeting, but currently we are not scheduled to present the findings. We will present the report to the Joint Appropriations Committee in October. I encourage city and town officials to attend these meetings. Having your presence in the meetings with your legislators means we are unified, as well as it validates comments made by WAM on your behalf.

We have also been on the road this summer. We have attended the Joint Appropriations Committee, the Special Districts Task Force, the Joint Minerals Committee, the Digital Information Privacy Task Force, and Joint Travel, Recreation and Wildlife since June.

It is important that we are always building the relationship between municipal government and the state government and the legislative branch. As the Governor has said, "Decisions get made in Cheyenne and executed in the communities." WAM will work with its six regions to host **Legislative Candidate Panels prior to the General Election.** This will be a time to hear

from candidates on their knowledge of local government, to ask questions, and to share ideas and concerns. After November, WAM will work again with the regions to put together meetings with legislators prior to the upcoming 2017 General Session.

Changing subjects here, on behalf of the state and everyone in it, and everyone visiting it, **THANK YOU** to all the local officials who have dealt with wildfires in and around your communities this summer. I hear stories of Mayor's negotiating water rates with the Federal Government, others making room in city parks for fire fighters, and just dealing with the impacts of personnel, policy and smoke. **THANK YOU.**

I hope your summer has found you in Wyoming's mountains, near a trout stream, around a campfire, seeing a shooting star, reaping the benefits of a garden, laughing with a friend, driving past fields of wildflowers, or just reading a great book. We are blessed to live in this special, wild, beautiful place. Thank you all for the work you do to keep it that way.

CYBERSECURITY GUIDELINES FOR LOCAL GOVERNMENT

ENGINEERING ASSOCIATES
CONSULTING ENGINEERS & SURVEYORS
 (307) 587-4911 • www.EAEngineers.com
 CODY • POWELL • THERMOPOLIS • SARATOGA
 PROUDLY SERVING THE MUNICIPALITIES OF WYOMING FOR ALL THEIR INFRASTRUCTURE NEEDS

Recent legislation requires the State's Department of Enterprise Technology Services (ETS) to develop guidelines for local government's data. The ETS hosted open discussion meetings asking for feedback regarding the new program earlier this summer.

WAM will attend the Digital Privacy Task Force (DPTF) meeting in Laramie on September 26-27, 2016. WAM is asking for its members to look at the provided guidelines on the ETS's Website at ets.wyo.gov/resources/local-government-guidelines. Please email Katie at katie@wyomuni.org for a copy of Enrolled Act NO. 18.

WAM believes that this guidance could be a good starting point for both large and small municipalities, but has concerns about this policy being made mandatory. Please, take some time to understand these guidelines and provide your feedback to the WAM Office.

Cybersecurity is the body of technologies, processes and practices designed to protect networks, computers, programs and data from attack, damage or unauthorized access. In a computing context, the term *security* implies cybersecurity.

Increasing Wyoming's Prosperity One Story at a Time

BY RON GULLBERG, WY BUSINESS COUNCIL COMMUNICATIONS DIRECTOR

Business and community development successes and opportunities abound throughout Wyoming. As a result, Wyoming communities have great stories to tell.

Storytelling is such a critical component of the Wyoming Business Council's strategy to increase Wyoming's prosperity, we created a communications plan.

Targeted audiences include, but are not limited to, national site selectors, small business owners, tech startup entrepreneurs, local and state government officials, the media, local economic development professionals, Business Council partners, private investors and the general public.

More tools are available than ever to inexpensively and effectively produce, distribute and quantify economic development stories.

Stories now can be told in 900 words or 140 characters. As a two-minute infrastructure project "how-they-did-it" video or a groundbreaking ceremony photo gallery. They can be written, edited, refined and completed over weeks or posted immediately from remote locations via smartphones.

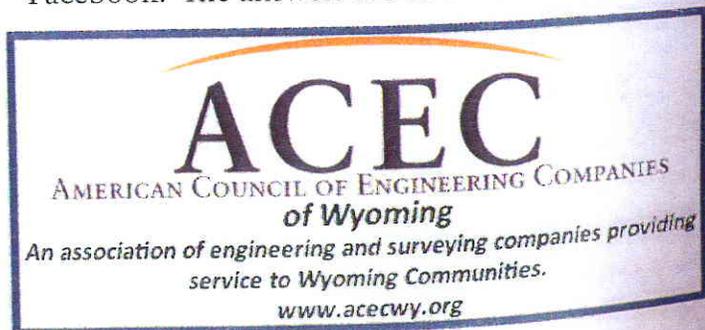

The Business Council's adopted digital storytelling plan is designed to not only share the important economic development stories around Wyoming that aren't being told, but to assist independent media with stories and photos/videos that can be published as is or used as inspiration for original content. On both fronts, the results have been positive this past year.

The agency's four communications plan strategies include:

Establish a Clear, Unified Message

Never before has storytelling data been as accessible thanks to website/social media analytics.

Did the e-newsletter story link drive traffic to the Business Council website, as intended? Did the local economic development organization share the groundbreaking ceremony video on Facebook? The answers are in the numbers.

Communications staffs are able to develop content that produces high ROI; conversely, they are able to quickly and cheaply eliminate underperforming strategies.

A perfect example is the chance our Communications Division staff took on filming video interviews with local economic development and government officials immediately following the State Loan and Investment Board's Business Ready Community grant and loan awards.

We figured we would try it once beginning with the April 2016 meeting and if audiences weren't interested, we would cut our losses and move on to other storytelling projects.

We were pleasantly surprised when the videos generated hundreds and thousands of plays on Facebook, not to mention above-average numbers of likes, comments and shares. We continued the effort at the June SLIB meeting—with the audience engagement data generating some of our top Facebook numbers.

Engage Targeted Audiences

In March, the communications staff launched a monthly marketing meeting with our Wyoming Business Resource Network partners. The result is more and better storytelling directed at business assistance programs and services, coordinated events listings on the Business Council's website calendar and cross-promotion among the council and Business Resource Network programs on social media, among other items.

Business Council Chief Executive Officer Shawn Reese's monthly column in the Wyoming Association of Municipalities newsletter is also a result of our communications plan strategy to engage targeted audiences.

Another action item involves profiling projects and communities in a coordinated fashion. One example is the "Welcome to ..." series featuring economic development success stories and future plans for the host communities in our Wyoming Business Council Board of Directors' quarterly board book.

Extend Reach Beyond Mass Media

A key action item in this category was the launch of the Business Council's monthly e-newsletter in November 2015.

The newsletter provides audiences with business and community development stories, examples of which include: Wyoming's growing firearms manufacturing industry, statewide business park infrastructure funding and startup competition opportunities.

We emailed the first newsletter to approximately 1,200 contacts including media, legislators, partners and subscribers to the previous newsletter discontinued in about 2013. Efforts to promote subscriptions and to access contact lists from such partners as the Wyoming Business Alliance have increased our distribution to more than 2,600.

Elements of the newsletter are also delivered to site selectors nationally.

Content from each newsletter is parsed out on social media channels.

Grow Digital/Social Media Presence

The Business Council is in the process of redesigning its website (<http://www.wyomingbusiness.org>) in line with the communications plan and the agency's strategic plan.

INCREASING WYOMING'S PROSPERITY ONE STORY AT A TIME CONTINUED...

The home page will be more intuitive for our disparate audiences – site selectors, small business owners, agency partners, municipalities, the general public, media, etc. The page will be less cluttered and focus on three themes – business development, community development and relocation assistance – which will allow users to get where they need to go with one to two clicks.

The home page will also be more vibrant, featuring rotating storytelling links with big photos, a link to the available business properties/ community profiles pages and live social media feeds.

The main navigation tabs will have drop-down menus that describe user needs, such as “business financing,” rather than government agency program titles.

On the social media front, when the Business Council increased its focus on Facebook in March 2015, we had approximately 6,200 followers. We established a practice of posting at least two items daily. We were surprised to find in the first several months that audience engagement on Facebook posts – likes, shares, comments – grew more rapidly than followers. Eventually, though, that engagement reached critical mass and the number of followers grew substantially. We surpassed 7,000 followers in May 2016. As of this writing, we are less than 60 from hitting the 8,000 mark.

We look forward to seeing where the storytelling data take us in the coming months and years. Please contact me with with story ideas at 307-777- 2833 or ron.gullberg@wyo.gov.

About the Wyoming Business Council. Our mission is to increase Wyoming's prosperity. We envision a Wyoming where industries are strong, diverse and expanding. Small business is a big deal. Communities have the highest quality of life. Wyoming is the technology center of the High Plains. Wyoming knows no boundaries. Please go to www.wyomingbusiness.org for more information.

HIGHWAY SAFETY

Program

LOOK TWICE SAVE A LIFE

Motorcycle Safety

Wyoming is home to many motorcycle enthusiasts and, even though the riding season is short, motorcyclists are 85% more likely to be injured or killed in a crash. While a common assumption may be that the majority of motorcycle crashes are Sturgis related, an average of 53% occur in urban locations throughout the state. Community leaders can have a great impact on motorcycle crashes statewide through community involvement efforts. What is your community doing to raise awareness of motorcycle safety?

GILLETTE CELEBRATES 125 YEARS!

Community Classifieds

THE CITY OF TORRINGTON, Wyoming is seeking qualified applicants for the position of City Engineer. This position will perform a variety of administrative and managerial duties related to public works and civil engineering. Applicant must possess registration as a PE in Civil Engineering and maintain a valid Class C driver's license. This is a full-time exempt position requiring a minimum of 5 days/40 hours per week and attendance at all regular and special council meetings, with an excellent benefit package and compensation DOE and will be open until filled.

Applications and resumes may be mailed to P.O. Box 250 or delivered to City Hall, 436 E. 22nd Ave., Suite B, Torrington, WY 82240. For more information contact City Hall at (307)532-5666 or on the web at www.torringtonwy.gov. The City of Torrington is an EOE and Drug & Alcohol free workplace.

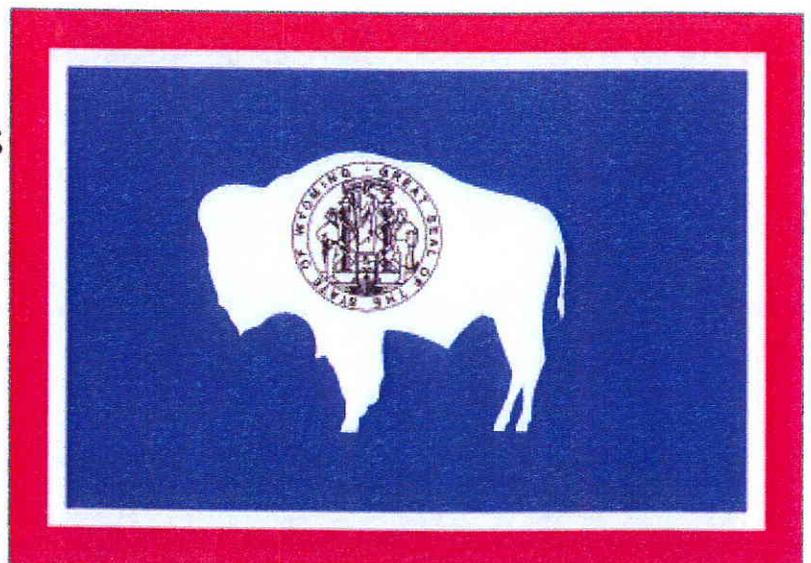

THE CITY OF LARAMIE is seeking an Animal Shelter Custodian. This position (under general supervision) will perform a full range of custodial and animal care duties related to the care, maintenance, and cleaning of assigned buildings and facilities; and provide support to the community service officers assigned to animal control. To apply for this position visit www.cityoflaramie.org. Inquiries may be made at 307-721-5251.

THE CITY OF CHEYENNE is seeking a Sanitation Secretary. This position requires administrative clerical work in support of a division manager, to type and proofread a variety of documents and correspondence; and to provide information and assistance to the public regarding department or division policies and procedures. For more information visit www.cheyennecity.org.

DID YOU KNOW...

Nothing is more dangerous in Wyoming than a bison. Four times as many people have been killed or injured by bison in Yellowstone National Park than have been killed or injured by bears.

PRESS RELEASE FROM THE CAM-PLEX HERITAGE CENTER THEATER
For Immediate Release on August 31, 2016

Ballet Folklorika

**QUETZALLI
DE VERACRUZ**

September 30

30 DE SEPTIEMBRE

6:30 PM

Immerse yourself in colorful Mexican folkloric dance as Ballet Folklorico "Quetzalli" graces the Heritage Center with flamboyant costumes and traditional Mexican music. Serving as official representatives of Tourism and Economic Development for the State of Veracruz for almost 30 years, Ballet Folklorico "Quetzalli" de Veracruz has performed across the globe.

Mesmerice con la vistosa representación Mexicano del Ballet Folclórico Quetzalli cuando presenta en el escenario del Heritage Center con sus trajes extravagantes y su música tradicional. Por casi 30 años el Ballet Folklorico Quetzalli ha sido los representantes oficiales para el Departamento del Turismo y Desarrollo Económico por el estado de Veracruz. Así han desempeñado a través del mundo.

Please join the CAM-PLEX Heritage Center Theater staff for Ballet Folklorico Quetzalli De Veracruz, on Friday, September 30, 2016 at 6:30 p.m. For more information, contact the CAM-PLEX Ticket Office at 307-682-8802 or visit our website at www.cam-plex.com.

This performance may be funded in part by the Campbell County Community Public Recreation District, corporate and private sponsors, WESTAF (the Western Arts Federation), and the Wyoming Arts Council through funding from the Wyoming State Legislature and the National Endowment for the Arts.
