Memo

DATE: September 7, 2016

TO: Mayor and City Council, & City Administrator – Carter Napier JCN

FROM: Development Services Director – Dustin Hamilton, P.E. DH

BY: City Engineer – Heath VonEye, P.E. HV

RE: FY16/17 Citywide Pavement Marking Contract Quote Award – September 13th Special Meeting

Background:

This project is related to the citywide application of roadway and pavement markings to include: centerlines, shoulder lines, turn lanes, directional arrows, stop bars, crosswalks, parking lot and on-street parking stalls, handicap stalls, curb painting, railroad crossings, bike lanes, and other miscellaneous painting as necessary.

The total quoted contract price for the application of all bid items is $124,118.10 (we generally apply all bid items in the spring application only). The estimated contract price for the Fall 2016 painting application is $102,559.35 (this excludes parking stalls, curb paint, and railroad crossings). The unit prices shall be extended to the Spring 2017 application. The Quote Agreement is renewable, upon mutual agreement of the Contractor and Owner, for a total of three (3) years, with pricing in years two (2) and three (3) only made adjustable to the extent that material costs change.

Multiple Quote Forms were sent out, with one (1) quote being returned to the City of Gillette Purchasing Division on September 6, 2016 from Design Construction, LLC.

The unit costs received are comparable to the unit costs in the FY13/14 quote award, which are competitive and reasonable. The Quote Form is attached for reference.

Quote Amount vs Budget

Total Quoted Project Costs (to apply all bid items): $124,118.10

- Estimated Fall 2016 Application Costs = ...$102,559.35
- Estimated Spring 2017 Application Costs = ...$124,118.10
- Estimated Total Annual Application Costs = ...**$226,677.45**

FY16/17 Annual Budget (Traffic Safety operating budget line item 001-60-62-424-30-43610): **$230,000.00**

Recommendation

The City Engineer has reviewed the Quote Form and recommends to the City Council the award of the FY16/17 Citywide Pavement Marking Contract Quote to Design Construction, LLC, in the amount of $124,118.10.

QUOTE FORM

Proposal of Design Construction, (hereafter called "CONTRACTOR"), organized and existing under the laws of the State of Wyoming doing business as Design Construction LLC CONTRACTOR hereby proposes to furnish all materials and labor for:

CITY OF GILLETTE PAVEMENT MARKING PROJECT
PROJECT #17EN03

As generally described, this project is related to the Citywide application of City roadway and other pavement markings to include, but not limited to, the following components: Striping double yellow centerlines, solid white shoulder lines, dashed white lane lines, dashed yellow turn lane lines, solid white staging area lines, directional arrows, stop bars and crosswalks. Also included are parking lots, on-street parking stalls, handicap symbols, bike lane symbols, and curb painting, along with miscellaneous painting as requested by the Owner.

This work will conform to the latest edition of the City of Gillette Standard Construction Specifications (hereinafter referred to as SCS).

By submission of this QUOTE, each CONTRACTOR certifies, and in the case of a joint QUOTE each party thereto certifies as to his own organization, that this QUOTE has been arrived at independently, without consultation, communication, or agreement as to any matter relating to this QUOTE with any other CONTRACTOR or with any competitor.

CONTRACTOR hereby agrees to commence WORK immediately upon award of the quote. Completion dates are set forth in section SP-10 of the special provisions. The contract will be extended by the number of weather days approved by the OWNER. **CONTRACTOR shall be available to do touch up work as requested by the OWNER within one week of notification.**

CONTRACTOR further agrees to pay, as liquidated damages, the sum of $100.00 for each consecutive calendar day that expires after the specified completion date until the work is completed.

CONTRACTOR agrees to perform all the work described in the QUOTE for the following sum: $124,118.10. The quantities are estimated and may increase or decrease. In case of changes in quantities, unit price shall govern. **This price quote is for the first application of striping to be done in Sep/Oct 2016. Final payment will be based on actual quantities of Bid Items applied (see SP-10).** All prices shall stay in effect through the striping season of 2016/2017. The attached Quote Agreement shall be referenced for contract renewability language.

ATTEST: _____

September 6, 2016

Dear Mayor Carter-King and City Councilmen,

On behalf of PFLAG Gillette, I would like to thank you in advance for your consideration of a nondiscrimination resolution that we will be presenting at your September 13th work session. Hopefully, I can provide some background for the reasons behind our request to answer some of your questions or questions your constituents may have.

As you know, since June of last year, same-sex couples can legally marry in the United States. Unfortunately though, there are still no federal protections for employment, housing or access to public accommodations for LGBT persons. One of the representatives who introduced the Equality Act in Congress was quoted in Time magazine saying, "You can be married on Saturday, post your wedding pictures on Facebook on Sunday and be fired from your job or kicked out of your apartment on Monday." (http://time.com/3968995/equality-act-congress-lgbt/).

Without full civil rights passed in Congress and signed into law, it has been the states and municipalities that have taken the lead to pass nondiscrimination statutes and ordinances. Here in Wyoming, nondiscrimination bills have been introduced in the legislature several times, but have yet to pass. In 2015, one bill did clear the Senate, but never made it through the House Labor committee.

State supporters have turned to municipalities to take the lead in championing nondiscrimination. The City of Laramie passed an ordinance complete with a process for investigating nondiscrimination claims, mediating claims when possible, and/or following them through municipal court, with fines for noncompliance. The Town of Jackson passed a nondiscrimination resolution stating the commitment of the community to tolerance and acceptance of LGBT persons, diversity, and nondiscrimination.

We are proposing a resolution that would affirm the city's commitment to a diverse, fair and just community for the city's LGBT citizens. The resolution also affirms those values for *all* citizens, no matter their race, color, religion, or national origin, just to name a few classes. By having fair practices in place for the city's employees, the City of Gillette is leading by example. The fact that the City Council is discussing a nondiscrimination resolution speaks volumes to your willingness to engage with this issue.

We look forward to meeting with you on Tuesday, and welcome your questions, comments and discussion.

Sincerely,

Karin Ebertz,
President, PFLAG Gillette

Resolution No ____

A RESOLUTION STATING THE POLICY OF THE CITY OF GILLETTE TO PROMOTE A DIVERSE COMMUNITY AND ENSURE THAT ILLEGAL DISCRIMINATION OF ANY KIND IS NOT ACCEPTED.

WHEREAS Gillette is a diverse community with a long tradition of pursuing full equality for all of its citizens and;

WHEREAS the full inclusion and acceptance of lesbian, gay, bisexual, and transgender (LGBT) citizens is fair and just;

WHEREAS LGBT citizens strengthen our economy, our organizations, schools, and businesses. We affirm the right of LGBT citizens in Gillette to live free of discrimination in all of its forms.

WHEREAS, discrimination in all of its forms includes: on the basis of race, color, religion, national origin, sex, gender identity, age, marital status, sexual orientation, family status, veteran status, disability and source of income are wrong and present a stumbling block to the pursuit of full equality.

NOW, THEREFORE, BE IT RESOLVED by the City of Gillette, in regular session duly assembled, it is the policy of the City to reject discrimination of any kind and to respect the inherent worth of every person, without regard to race, color, religion, national origin, sex, gender identity, age, marital status, sexual orientation, family status, veteran status, disability or source of income. The City affirms that its personnel policies protect employees and potential employees from discrimination based on sexual orientation or gender identity.

PASSED APPROVED, AND ADOPTED THIS _____DAY OF_____, 2016.

Dear Mr. Napier and City of Gillette

On behalf of the Campbell County Rockpile Museum, I would like to thank you for your support of the Cheyenne Gunslingers show this past Saturday. The turnout of 400 people was terrific, and we received many appreciative comments from families that attended the show in celebration of Gillette's 125th anniversary.

Your support of this free performance contributed greatly to its success! This was the first community-wide event that the Museum has hosted in a downtown location. The courtesy and professionalism of your staff was impressive. In particular, Sawley Wilde, Mick Wolf, and Kent Clark were especially responsive to our questions and requests for assistance. We listed *The City of Gillette* on thank-you posters at our drink stations, and we want to thank you so much for helping us put on this celebratory event for Gillette and Campbell County families!

Sincerely,

Wendy Legerski

RE: A.B.A.T.E. of NE Wyoming – Toy Store

To Whom It May Concern:

A.B.A.T.E. of N.E. Wyoming is a non-profit motorcylist rights organization that has sponsored the Toy Store for over twenty five years. The Toy Store gives toys to needy children in ***OUR*** community for Christmas. Last year we gave out toys to over **900** children in Northeast Wyoming.

We are currently looking for sponsors and/or donations of cash or ***NEW*** toys so we can serve needy children again this year. Even with Gillette's economy as it is today, these children still need to have a Christmas. The donations we receive from the community are the key to the success of the Toy Store. Your contribution would be greatly appreciated.

Our biggest expense is the cost of purchasing the toys that don't get donated. We will always take ***NEW*** toys for any age group, but we are in a great need for toys for the older kids, ages 10 to 12 and 12 to 18, as this is our greatest expense.

The Toy Store will be held this year on Dec. 16th , 17th and 18th. from 10 a.m. to 2 p.m. and 4 p. m. to 7 p.m. each of those days.

Please send your donations to:
A.B.A.T.E. Toy Store
P. O. box 3676
Gillette, WY 82717

Or you can make a donation to the Toy Store Fund at Campco Credit Union, 1110 E. Boxelder Rd. in Gillette, or by contacting: Nancy Huyck 307-660-9952 or Jamie Huyck 307-660-4478.

*****We are also currently looking for a new permanent location here in Gillette. If you have a space we could use or consider a leasing/purchase option, please let us know.******

Thank you for your kind consideration.

Toy Store Needs a "FOREVER" Home!

Please help...

All of our toys stay LOCAL....we have been helping needy children in all of NE WY for over 25 years. These areas include; Gillette, Wright, Rozet, Moorcroft, Sundance, Hulett, Upton and Newcastle. We work with the Council of Community Services or their local entities in each of these areas to insure that the children have a Merry Christmas!

All of our toys you see when you shop have been donated by people in **OUR** community. We also accept monetary donations that we use to purchase items in age groups that are lacking donated gifts. Even with today's economy, we are very fortunate to live in such a generous community. Our Toy Store is different than some of the other programs out there, in that we actually get to meet the parent/guardian of these children and help ***them*** shop according to their child's area of interests or needs and not just a list of wants. This year we are expecting to exceed last year, which was over 900 children that were helped.

All of this would also not be possible without the countless hours that our volunteers, both members of ABATE and non-members, put into the Toy Store. We kick off the month of December with our annual Toy Parade and visit with Santa, held the first Saturday. We also have a "Stuff the Bus" promotion sponsored by Fox Country/Basins Radio and Powder River Transportation that runs from Nov to mid Dec. We put drop boxes at various businesses in town for people to drop off their toys. It takes a lot of time, energy and sacrifices from these volunteers to make this all happen.

Without the GENEROUS ***temporary*** donation of a building each year to hold the Toy Store, we could not do what we are doing for all of NE WY. We set up in November, or when a building is available. When Christmas is over, we have to pack up all of our items and move them to storage. ABATE is looking for a "FOREVER" home to house the Toy Store.

Please contact Jamie Huyck 307-660-4478 or Nancy Huyck 307-660-9952 if you can help.

Thank you for your kind, loving hearts,
Jamie Huyck

WBC to consider $80M in grant requests

Large projects include fuel additive, activated carbon, pharmaceutical plans

September 6th, 2016 Leave a comment

By Jeff Truchot

More than $80 million in loans for companies that want to turn natural gas and C02 into a fuel additive in Cheyenne, expand a Gillette plant that makes activated carbon and enable a Cody laboratory to enhance its pharmaceutical manufacturing process will be the three big-ticket items to be considered by the Wyoming Business Council Board of Directors when it meets in Worland later this week.

Wyoming BUSINESS COUNCIL

The board's Sept. 8 meeting at the Washakie Museum and Cultural Center will consider three Economic Development Large Project loans and three Business Ready Community (BRC) grant and loan requests. Board meeting materials are available for review. The State Loan and Investment Board (SLIB) will make final decisions on project requests at its meeting on Oct. 6 in Cheyenne.

Economic Development Large Projects

The Wyoming Business Council (WBC) provides recommendations for the Economic Development Large Project program. Wyoming Gov. Matt Mead has final approval of the projects after a SLIB review. Through the program, the state treasurer is authorized to lend funds for the benefit of Wyoming businesses. The loan may finance purchase, construction and installation of buildings or equipment, which will add economic value to goods, services or resources within the state.

Large projects to be considered in Worland include:

- **Standard Alcohol** requests a $25,000,000 loan to build its first production facility in Cheyenne for turning natural gas and carbon dioxide into mixed alcohols for use as a fuel additive. The project is expected to create 32 new jobs paying $2.9 million in total annual wages and add an additional $400,000 in direct state and local tax benefits every year. (WBC staff recommends partial funding of $17,440,000.)
- **Atlas Carbon** requests a $25 million loan to expand its activated carbon plant in Gillette. The company produces about 16 million tons of activated carbon every year. Operations became 24 hours a day, seven days a week this summer. The proposed plant expansion would boost production to 108 million tons per year, increase full-time employees from

12 to 32 and provide an overall economic benefit to both Campbell County and the state of Wyoming by adding value to the region's natural resources. The jobs created by this project would exceed local wages by 39 percent and inject $2,251,620 in sales and tax revenue over the life of the loan. (WBC staff recommends partial funding of $6,530,000.)

- **Cody Laboratories** requests a $33,750,000 loan to expand its pharmaceutical manufacturing process in Cody. The project would more than double production to 11 metric tons per year. The 39 jobs created will exceed the local average wages. (WBC staff recommends partial funding of $9,865,000.)

Business Ready Community Grants

The WBC staff reviews each application, conduct site visits or conference calls in the case of planning grants, and make presentations to a board subcommittee before making final recommendations to the full board. The Business Council administers the Business Ready Community (BRC) grant and loan program, which provides financing for publicly owned infrastructure that serves the needs of businesses and promotes economic development within Wyoming communities.

The Business Council board is required by statute to forward BRC grant and loan recommendations to the SLIB for final approval. The SLIB comprises the five statewide elected officials: the governor, secretary of state, state auditor, state treasurer and state superintendent of public instruction.

BRC grant requests by category include:

Community Readiness

- **The Old Pen Joint Powers Board** requests a $1,208,413 grant to renovate the historic Wyoming Frontier Prison Guards' Quarters in Rawlins. The project will create space to accommodate the Carbon County Visitors Council, an entrepreneurial space, a conference room and additional restrooms. (WBC staff does not recommend funding because the project does not meet criteria for a Community Readiness project.)

Community Enhancement

- **Lander** requests a $466,210 grant and $313,710 loan to build a 3,400-square-foot Chamber of Commerce and Visitor Center. The project is intended to attract, enhance and increase visitation to the region, provide handicap-accessible facilities, offer extra office space and retain and expand businesses by providing services as a chamber and business

complex. (WBC staff recommends partial funding with a $466,210 grant and a $194,316 loan.)

- **Niobrara County** requests a $50,000 grant to develop a long-term community development and housing plan. The plan will serve as a recovery blueprint to the 500-year flood, which caused extensive damage to Lusk and Niobrara County on June 4, 2015. (WBC staff recommends partial funding with a $44,035 grant.)

For more information about these projects, visit the Wyoming Business Council website or call 1-800-262-3425.

Announcements

Jim Brown announced to the Board that at the 40th Anniversary of the Wyoming Conference of Building Officials in Casper last month, Ken Rogers was elected to Vice President at the Annual Meeting. He stated there were 46 people from ICC in attendance from all over the country.

John Alt announced to the Board there was going to be a training regarding the Stormwater Pollution Prevention Plan Ordinance this Thursday, August 11, 2016. He stated he is having problems with subcontractors such as landscaping companies, moving his BMP's (Best Management Practices) from his lots in order to access the lot they are working on and then not putting them back. Ken Rogers informed John and the rest of the Board that administrative staff had sent out postcards to the Landscaping Contractors inviting them to the meeting on August 11, 2016. John stated his hope was, through this training, that other contractors would understand that they could cause his company to get a fine and they would act accordingly.

Chairman Heibult asked if the City was going to put on a brief class regarding the 2015 ICC Code changes because the NEWCA Board had mentioned it at the last meeting. Jim and Ken stated there were not any significant changes that would effect the builders. They did not see a reason to hold a class at this time.

The next regularly scheduled meeting will be Tuesday, September 13, 2016.

Adjournment

There being no further business to come before the Board, the meeting was adjourned at 12:44 p.m.

FEATURED EXHIBIT:

"Gillette's First 25 Years" is currently open in the temporary gallery. It features stories of the city's rough-and-tumble early days and growth into a permanent settlement. Don't miss these photos and stories of our town's untamed early days!

The RMA's mission is to promote, support, and assist the Campbell County Rockpile Museum's offerings of cultural, educational, and recreational opportunities by providing volunteer assistance and financial support.

Friends of the Rockpile Museum,

You are invited to an up-close-and-personal experience with some of Wyoming's most recognized predators, the birds of prey. The Draper Museum Raptor Experience is a live raptor education program featuring some of our state's most spectacular wild animals. Avian experts from the Buffalo Bill Center of the West will show off several live raptors that have been rescued and were unable to be returned to the wild. Learn about the specialized adaptive characteristics of raptors that enable them to thrive in Wyoming's harsh environment.

This free educational event will take place from 1:00 to 3:00 p.m. on September 17th at the Rockpile Museum. People of all ages will find this program fascinating and informative! Registration is not required; however people are encouraged to arrive early for this popular program. The Museum will also accept optional donations of 16-oz jars of creamy peanut butter for Blessings in a Backpack at the program. Donations are welcome, but not required. Please call 307-682-5723 with any

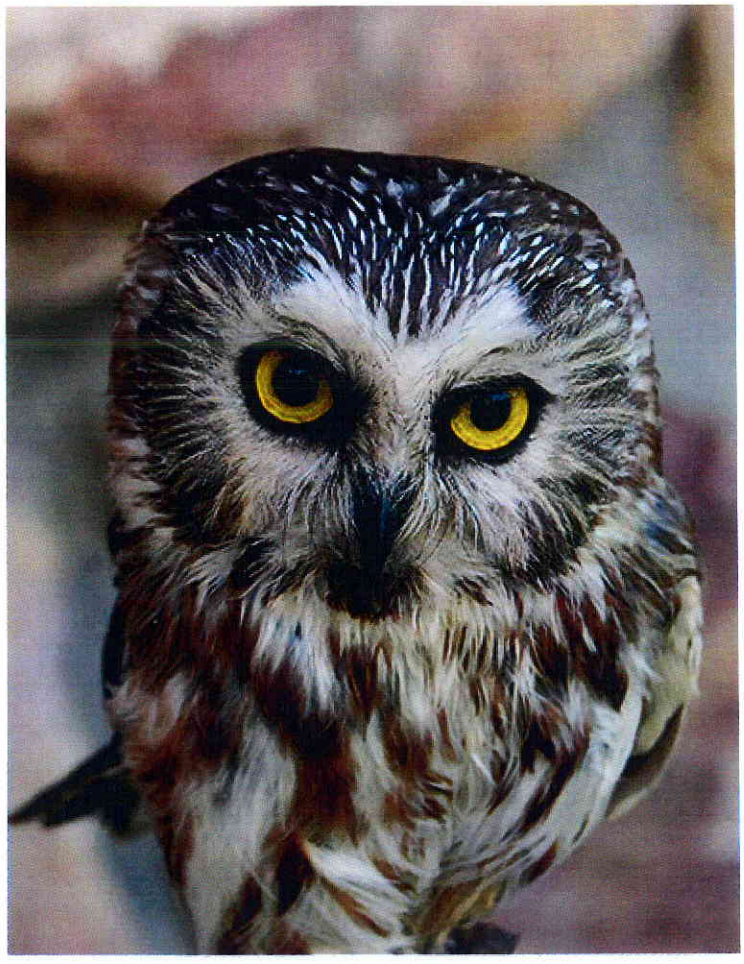
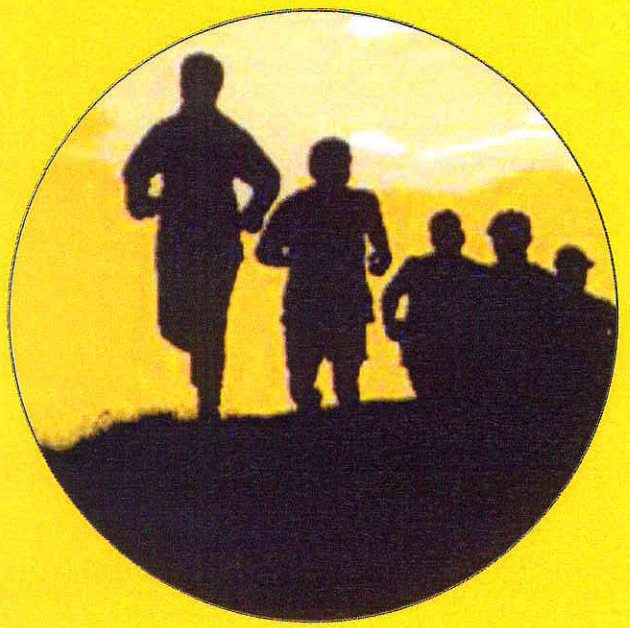
questions.



Please join us on September 16 this year at 5pm for the Memory of the 8 Run/Walk. On September 16, 2001 eight of the University of Wyoming's cross-country running team tragically lost their lives in an automobile accident caused by a drunk driver.

Cody Brown (Hudson, CO) ,
Kyle Johnson (Riverton, WY)
Joshua Jones (Salem, OR)
Justin Lambert-Belanger (Timmins, Ontario)
Kevin Salverson (Cheyenne, WY)
Nicholas Schabron (Laramie, WY)
Shane Shatto (Douglas, WY)
Morgan McLeland (Gillette, WY)



They are no longer with us, but will never be forgotten. We run to honor their memory and to raise awareness about the dangers of driving under the influence. It's up to each and every one of us to make the right choice, save a life, and always drive sober - these tragedies are avoidable!

Mercury's foot
Hollowed by an eight -

For it was their message
that inspired,
An urging that set us free,
Yes, a challenge to all:
"Please, come run with me."
