INSTRUCTIONS FOR COMPLETING THE CITY OF GILLETTE INDIVIDUAL TRADE LICENSE APPLICATION (RENEWAL)

The City of Gillette has adopted the 2018 Building Codes. For additional information pertaining to City Codes, please refer to the City Codes at www.gillettewy.gov > City Government > Current City Code > Chapter 5 "Buildings" for specifics.

USE THIS FORM IF - The license the applicant is seeking to renew is current and in good standing with the City. Note: The completed application must be received by Building Inspection within the 30-day grace period to be considered a renewal. Completed application received within the grace period, but after the submittal deadline, will **not** keep your license from lapsing.

DO NOT USE THIS FORM IF - Applicant has not previously been licensed with the City. Applicant presently holds a trade license with the City and wishes to add a new trade license. Note: Individuals seeking multiple trade licenses should complete a separate application for each trade/class. Applicant was licensed with the City for the class of license applying for, however, such license has expired and the 30-day grace period has lapsed or will lapse prior to the completed application being received by Building Inspection. Applicant wishes to change the class of his/her existing City trade license (for example, from a journeyman electrician to a master electrician). In these instances, applicant should use the Individual Trade License Application (NEW) form.

TRADE LICENSES - The City requires licensing of individuals in the following trades (classes): Electricians (master, journeyman); Gas Pipefitters (master, journeyman, and apprentice); HVAC Technicians (master, journeyman, and apprentice); Plumbers (master, journeyman, and apprentice) and Refrigeration Technicians (master, journeyman, and apprentice). Please review the following information to determine which license or licenses are appropriate for the type of work to be performed. **Applicants may require more than one trade license.**

AUTHORIZATION - Licensing of an individual as an Electrician, Gas Pipefitter, HVAC Technician, Plumber or Refrigeration Technician does NOT authorize the licensee to perform his or her trade within the City limits EXCEPT when such work is done as an owner or payroll employee of an entity that is licensed with the City as a Class D Contractor in the appropriate trade, with the required permit(s) in place.

APPROVAL PROCESS - All completed applications for Individual Trade Licenses go before the Board of Examiners for approval. The Board regularly meets the second Tuesday of each month. Once approved by the Board, licenses are immediately active. Denied applications will be notified via mail. If you do not receive a License or Notification of Denial within one week following the BOE meeting, please contact the Building Inspection Division at 307-686-5260.

SUBMITTAL DEADLINE - Applications are submitted to the Building Inspection Division for processing. **Incomplete applications will be returned to the applicant.** Completed applications received by 5:00 PM on the Monday (Tuesday if Monday is a holiday) before the Board's monthly meeting, will go before the Board for approval at that month's meeting. Applications received or completed after the deadline listed below will be processed for approval at the next BOE meeting.

DEADLINE	FOR BOE MEETING ON	DEADLINE	FOR BOE MEETING ON
December 31, 2018	January 8, 2019	July 1, 2019	July 9, 2019
February 4, 2019	February 12, 2019	August 5, 2019	August 13, 2019
March 4, 2019	March 12, 2019	September 3, 2019	September 10, 2019
April 1, 2019	April 9, 2019	September 30, 2019	October 8, 2019
May 6, 2019	May 14, 2019	November 4, 2019	November 12, 2019
June 3, 2019	June 11, 2019	December 2, 2019	December 10, 2019

CONSTRUCTION CODES - The City has adopted the following construction codes: 2018 International Building Code (2018 IBC), 2018 International Residential Code (2018 IRC), 2018 International Plumbing Code (2018 IPC), 2018 International Mechanical Code (2018 IMC), 2018 International Fuel Gas Code (2018 IFGC), 2018 International Fire Code (2018 IFC), 2018 International Existing Building Code (2018 IEBC), 1997 Uniform Code for the Abatement of Dangerous Buildings, and the 2017 National Electric Code (2017 NEC). For amendments to the adopted codes, see Chapter 5 of the Gillette City Codes. Such amendments are available via the City's website at <http://www.gillettewy.gov> > City Government > Current City Code > Chapter 5 - "Buildings" for specifics.

QUESTIONS - If you have questions or need assistance in completing this form, please call the Building Inspection Division at (307) 686-5260 or stop by our office on second floor of City Hall. For questions on testing or State requirements, please contact the applicable testing or State authority.

TRADE SPECIFIC REQUIREMENTS

ELECTRICIAN - Scope of Work: Electricians may perform work authorized under the 2017 NEC, as adopted and amended by the City. **State Licensing:** All electricians are required to be properly licensed through the State of Wyoming prior to making application to the City. A copy of applicant's current Wyoming State Electrical License shall accompany the application. Questions regarding testing, licensing, and state reciprocal agreements should be directed to the Wyoming Department of Fire Prevention and Electrical Safety at (307) 777-7288. Information may also be found on its website at <http://wyofire.state.wy.us> > Electrical Safety > Licensing and Exam Applications.

GAS PIPEFITTER - Scope of Work: Gas Pipefitters may perform work authorized under the 2018 IFGC, as adopted and amended by the City. Gas Pipefitters may install gas piping inside buildings. Gas Pipefitters may install propane tanks and the gas piping to the building. Gas Pipefitters who wish to perform plumbing and/or HVAC mechanical work shall also hold the applicable Plumber License and/or HVAC Technician License.

HVAC TECHNICIAN - Scope of Work: HVAC Technicians may perform work authorized under the 2018 IMC, as adopted and amended by the City. HVAC Technicians who wish to perform Gas Pipefitter work shall also hold a Gas Pipefitter License.

PLUMBER - Scope of Work: Plumbers may perform work authorized under the 2018 IPC, as adopted and amended by the City. Plumbers who wish to perform Gas Pipefitter work shall also hold a Gas Pipefitter License.

REFRIGERATION TECHNICIAN - Scope of Work: Refrigeration Technicians may perform work authorized under the 2018 IMC, as adopted and amended by the City.
