

CITY OF GILLETTE

Irrigation System Component REBATE FORM

The City of Gillette will provide a rebate for eligible high efficiency irrigation system components (see list below). This offer is limited to residences and commercial buildings located within the City of Gillette boundaries (City limits) who are Water Utility customers. The irrigation system components may be installed by the homeowner or by an approved contractor (see City website www.gillettewy.gov/home/showdocument?id=12406 for list of contractors under Development Services/Building Inspection). Limit one rebate per residence or commercial building.

To obtain your rebate:

1. Include original receipts as proof of purchase of equipment along with verification of installation.
2. Submit receipts and this form (filled in and signed) to:

City of Gillette (City West)
Utilities Department
611 N Exchange Avenue
Gillette, WY 82716

Please review the following program guidelines and other important information:

- This offer is limited to residences and commercial buildings with no access to secondary water (irrigation water well).
- The irrigation system components must be installed within 30 days of purchase by either the homeowner or by an approved contractor (see web site for list).
- Please allow six to eight weeks to process your rebate request. A check will be mailed to the address you listed above.
- Irrigation system components purchased and installed by the customer for the rebate program are for their own use in the location listed above and shall not be resold or transferred to another property.
- The rebate check is for approved irrigation system components only. No other refunds or rebates will be issued as part of this specific program.
- The City of Gillette makes no representation or warranty that the homeowner will be satisfied with the performance of the irrigation system components.
- The City of Gillette assumes no liability for any loss, damage or expense connected to the materials, workmanship, or fitness of the irrigation system components; including installation of the irrigation system components.
- Homeowner hereby releases and agrees to hold harmless The City of Gillette and its employees from any all claims, losses, harms, costs, liabilities, damages, and expenses directly or indirectly resulting from or related to the irrigation system components.

For purposes of determining the water-saving effectiveness of this program, the City of Gillette will examine water use records of participating residences and businesses. The homeowner also agrees to allow City staff or their appointee to examine purchased equipment that has been installed.

I understand and give permission for my water use records to be examined and advertised in local/regional media publications if so obtained by the City of Gillette.

The City of Gillette's Irrigation System Components Rebate Program is a landscape product rebate program funded by the City of Gillette. Effective date will begin July 1 to June 30 of the fiscal year or as deemed by the City of Gillette, Wyoming. The program may be stopped at any time. Rebates are offered independently of any sale prices or rebates that may be concurrently offered by manufacturers or vendors. The filing of this rebate form does not constitute an agreement between the filer and the City. Acceptance of this form does not constitute acceptance of filers claim for a rebate or guarantee that the filer shall receive any funds as all rebate awards are subject to funding limitations.
