NOTICE OF SPECIAL MEETING OF THE GILLETTE CITY COUNCIL

TAKE NOTICE that the presiding officer of the Gillette City Council has called for a special meeting. This special meeting will be held on **Wednesday, October 28, 2026, beginning at 6:00 p.m. in the Gillette College Main Commons located at 300 West Sinclair, Gillette, WY 82718**. The meeting will conclude by 8:00 p.m.

The purpose of this special meeting is for the Gillette City Council to attend a Community Open House hosted by Nucleon Fuel regarding a potential uranium conversion facility located in the Gillette area of Wyoming. More details may be found at:

<https://nucleon-energy.com/nucleon-fuel-to-host-community-open-house-in-gillette-wyoming/>

No action will be taken at this meeting.

DATED October ____, 2026.

Michael H. Cole
City of Gillette Administrator

Nucleon Fuel, a subsidiary of Nucleon Energy, is exploring potential locations for a new uranium conversion facility in the Gillette area of Wyoming. The proposed project is part of our efforts to expand North America's uranium conversion capacity, strengthen the nuclear fuel supply chain and support the long-term growth of nuclear energy.

Uranium conversion is an important step in the nuclear fuel cycle, preparing uranium for further processing into nuclear fuel. Developing additional conversion capacity in North America could help strengthen domestic fuel infrastructure and support long-term energy security.

Why Community Engagement Matters

As we explore this opportunity in the Gillette area, engaging with local residents, businesses and community stakeholders will be an important part of our planning process.

We're committed to sharing information about the proposed project, answering questions and hearing perspectives from those who live and work in the region. To begin these conversations, we're hosting a Community Open House in Gillette on October 28, providing an opportunity to meet our team, learn more about uranium conversion and discuss the potential opportunities for Campbell County and Wyoming.

Community Open House Details

Date: Wednesday, October 28, 2026

Time: 6:00–8:00 PM MDT

Location: Gillette College, Main Commons

The event is open to the public, and attendees will have the opportunity to speak directly with members of our team.

Looking Ahead

As planning continues, we look forward to building relationships with local stakeholders and hearing community perspectives on the proposed facility. We welcome the opportunity to meet with the Gillette community, share our plans and answer your questions on October 28.

About Nucleon Fuel

Nucleon Fuel is a subsidiary of [Nucleon Energy](#) focused on the development of modern uranium conversion facilities in North America. The company is advancing new conversion technology and infrastructure to help strengthen the nuclear fuel supply chain and support the long-term growth of nuclear energy.
